

Introduction

As we move forward in a digital world, we'd like to use more efficient methods to communicate with you. To this end, we'd like to update our Parish Management System with the details of your household and its members. Please rest assured that your data will remain strictly confidential and will only ever be used for, or to contact you about, parish business. It will never be shared outside of the parish and will be stored on a secure, GDPR compliant system endorsed by the Church of England. If you're a computer, tablet or smartphone user, you'll be able to access and update your data yourself. *Further details of how our system works, and how you too can benefit from it, can be found overleaf.*

We encourage all parishioners aged 16 or older to join our **Electoral Roll**. Please tick the relevant box to enroll (or remain enrolled).

St. Peter's Parish App

As a parish, we have chosen the software *iKnowChurch* to manage our data and day-to-day administration. All parishioners can also access this great tool. You can see what's on in the parish, update your details, check any teams, groups you might be member of, make a donation and many other useful things. It'll even remind you if you're on a rota! It's also a simple way for us to keep in touch with you, should the need arise.

If you've provided your email address above, you'll automatically receive an email with your login details.

You can access our app via a web browser at <https://stpeterschurchredcar.myiknowchurch.co.uk> or you can install the app on your smartphone or tablet by searching for "iKnowChurch" on your device's marketplace.

For help setting up the app, email hello@stpeterschurchredcar.co.uk.
